President's Message

Hello Everyone,

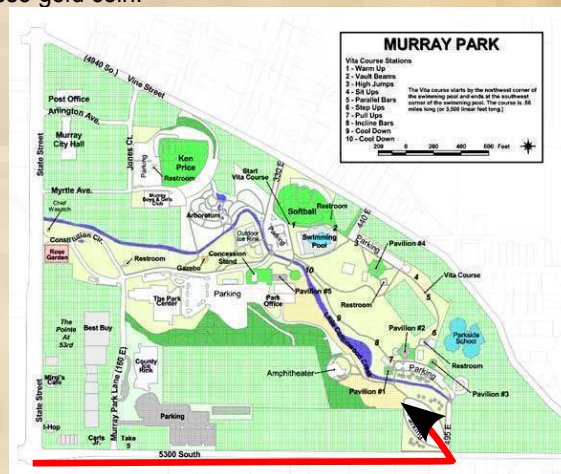

I hope that everyone has been enjoying their wonderful summer, with opportunities to go on vacations and spending time with their family. A big thank you goes out to Allan Schein for his amazing presentation of the Mexican Beauty (Little Horse Peso). The information that he shared with us showed his love and incredible knowledge regarding this beautiful coin. Hopefully many of you had the opportunity to buy his book. Also a big thank you goes out to Johnny Gallegos for last months feature item and also Boyd Pickering for the wonderful cupcake treats that he and his daughter made for our club.

This month's meeting will be our annual NUTS Club Picnic. It will be on August 20th, at 6:00 pm, pavilion number 1, at Murray Park. See further information in the newsletter. Please remember to bring your family and friends and your metal detectors. We have 50 wonderful prizes for our detecting rally. The youth will go first then the adults. Remember only one prize per person that is hunting with the metal detector. Also we will be having our ticket drawing prizes: 6 Morgan Silver Dollars, and the grand prize will be a 2.5 peso gold coin.

I look forward to seeing everyone out to the picnic with all of your family and friends and we will have lots of fun.

See you at the picnic,

Todd Monson

The NUTS club membership would like to send our greatest appreciation to George Wilson for his unwavering dedication and support for the NUTS club. Recently George Wilson donated several items to our historical archives. Thank you George from the general membership from the National Utah Token Society.

Guest Speaker Allan Schein on Belleza Mexicana

Allan Schein, introduced
by Todd Monson.
Right is the front and back
covers from the book Allan
wrote about the Mexican Beauty
Belleza Mexicana, Un Peso Caballito.
ISBN 978-0-692-27375-3
Retails for \$40

The Mexican coin was designed
by French sculptor Charles Pillet.

The obverse (left) has the coat of
arms, the reverse has Liberty riding
on a horse, which is often mistaken
for the obverse because of the date.
